Snake Plant

Dracaena trifasciata (Sansevieria)

Asparagaceae

Also called Mother-in-law's Tongue

AVAILABLE IN

Green

Yellow edge

Stiff, upright sword-shaped leaves. Almost unkillable and one of the best plants for bedrooms.

❖ Did you know?

Snake Plant opens its pores at night to save water, so it takes in carbon dioxide while you sleep.

02

ZZ Plant

Zamioculcas zamiifolia · Araceae

Also called Zanzibar Gem

Thick, waxy, shiny leaves on upright stems.
Stores water in its roots so it survives weeks without watering.

❖ Did you know?

ZZ stores water in potato-like roots under the soil, so it can go a month or more without watering.

**BEGINNER

03

Money Plant

Epipremnum aureum · Araceae

Also called Golden Pothos · मनी प्लांट

Hardy trailing vine with heart-shaped green and golden leaves. Grows in soil or in water, and is believed to bring prosperity.

❖ Did you know?

It's nicknamed 'Devil's Ivy' because it stays green and keeps growing even in very dark rooms.

**BEGINNER

06

Lucky Bamboo

Dracaena sanderiana · Asparagaceae

Also called Feng Shui Bamboo

Green stalks grown in water or soil, often in layers or twisted shapes. A popular good-luck gift.

❖ Did you know?

It isn't really bamboo, it's a Dracaena. In Feng Shui, 3 stalks are said to bring happiness and 5 bring health.

08

Dracaena

Dracaena fragrans / marginata · Asparagaceae

Also called Dragon Tree

AVAILABLE IN

Mahatma

Tricolour

Victoria

Upright cane plants with long striped leaves. Mahatma has broad green leaves, Tricolour has thin red-cream-green leaves, Victoria has wide yellow-striped leaves.

❖ Did you know?

Dracaena comes from the Greek word for 'female dragon'. Some wild species bleed red sap known as dragon's blood.

09

Dieffenbachia

Dieffenbachia spp. · Araceae

Also called Dumb Cane

Large leaves splashed with cream and green.
A quick-growing, bright plant for homes and offices.

❖ Did you know?

It's called 'Dumb Cane' because its sap can numb the mouth and tongue for a while if a leaf is chewed.

CARE AT A GLANCE

10

Philodendron

Philodendron erubescens & hybrids · Araceae

Also called Red / Green Philodendron

AVAILABLE IN

Red

Green

Glossy, heart- or arrow-shaped leaves. Red types have wine-red new leaves and stems; green types are fast and lush.

❖ Did you know?

The name Philodendron comes from Greek and means 'tree lover', because in the wild it climbs up tree trunks.

SECTION 03

Flowering

Colour that keeps coming back

Anthurium	18
Bird of Paradise	19
Water Heliconia	20

No.

13

Anthurium

Anthurium andraeanum · Araceae

Also called Flamingo Flower

AVAILABLE IN

Glossy heart-shaped flowers in red or white that last 6–8 weeks each, blooming almost all year.

❖ Did you know?

The glossy red 'petal' isn't a petal at all. It's a special leaf called a spathe. The real tiny flowers sit on the spike.
